School Logistics:

- You need to pick up a radio from reception on your way in
- Keep your lanyard with you at all times as you need code access to all doors. All doors labelled "interior perimeter" need to be closed behind you
- Each class has a red medical bag and a first aid bag, you must have these for lessons, TAs can help look after these, make sure they leave with the class when you swap PE and yoga aswell.
- If you are picking up children after lunch for their lessons, have the class fire register with you on the clipboard so you can do the register instead of the teacher. If all are present just radio the office to say "class **** are all present" if any are missing then use the child's initials when calling the office.
- If you have KS1 children before lunch, get them to bring their lunch boxes to PE with them and you can take them to the dining hall when you're done.
- If you have KS1 children after lunch, get them to pack up their home time stuff, put it on their carpet spot before going to PE.
