## KEEPING SCORE ON YOUR PE?

Your school and children deserve nothing but the best when it comes to exercise and sports education. At NOVUS, we believe that PE should be fun, engaging, and delivered consistently with the highest quality. That's why we work closely with you to plan and schedule curricular PE lessons that maximise impact and ensure a memorable learning experience.

Our A.I.M. strategy - Assess, Implement, Maintain - is aligned with Ofsted's 3 iiii's (Intent, Implementation, and Impact) and guarantees that your PE program meets and exceeds all requirements.

NOVUS provides comprehensive units of work for the entire curriculum, as well as seamless integration with any online platforms your school may already have in place. Elevate your school's PE program with NOVUS Sport, and give your students a fun and engaging introduction to exercise and sport.

## WORKSHOPS & STAFF CPD

NOVUS Sport workshops bring inspiration and expertise straight to your school, providing a wealth of opportunities for your children and staff to get involved in sports. Our leadership team is made up of highly qualified sports professionals and teachers who are dedicated to sharing their passion and skills with your children.

We also offer our 'Coach Education' program to upskill your school staff in planning, delivering, and assessing curricular PE lessons, ensuring a consistent and high-quality experience for your children.

Our workshops also include an anatomy and physiology introductory session, led by our Level 5 MTI qualified Sports and Injury Therapist, providing a comprehensive and in-depth understanding of the human body and how it responds to physical activity.

**“NOVUS ADAPT TO THE NEEDS OF THE SCHOOL & UNDERTAKE A VARIETY OF DIFFERENT ROLES DEPENDING ON THE CIRCUMSTANCES AT THE TIME.”**
